Part X, Line 2:

Footnote Disclosure - Uncertain Tax Positions Under ASC 740 (Source:

Consolidated Financial Statements-St. Luke's Health System)

Income Taxes - The Health System is a not-for-profit corporation and is

recognized as tax exempt pursuant to Section 501(c)(3) of the Internal

Revenue Code of 1986, as amended. The Health System has activities that

are considered unrelated business taxable income (UBTI), which are subject

to excise tax. The Health System also has a taxable subsidiary, SLHP,

whose operations are included in the consolidated financial statements and

as such we have provided for income taxes on this activity under the

Accounting Standards Codification (ASC) 740.

For the Health System's taxable subsidiary and activities considered UBTI,
income taxes are accounted for under the asset and liability method, which
requires the recognition of Deferred Tax Assets (DTAs) and Deferred Tax
Liabilities (DTLs) for the expected future tax consequences of events that
have been included in the consolidated financial statements. Under this
method, the Health System determines DTAs and DTLs on the basis of the
differences between the financial statement and tax bases of assets and
liabilities using enacted tax rates in effect for the year in which the
differences are expected to reverse. The effect of a change in tax rates
on DTAs and DTLs is recognized in results of operations in the period that
includes the enactment date of the rate change.
The Health System recognizes DTAs to the extent that these assets are more
likely than not to be realized. In making such a determination, the Health
System considers all available positive and negative evidence, including
future reversals of existing taxable temporary differences, projected
future taxable income, tax-planning strategies, and results of recent
operations. If the Health System determines that DTAs are realizable in
the future in excess of their net recorded amount, the Health System would
make an adjustment to the DTA valuation allowance, which would reduce the
provision for income taxes.
The Health System records uncertain tax positions in accordance with ASC
740 on the basis of a two-step process in which (1) the Health System
determines whether it is more likely than not that the tax positions will

be sustained on the basis of the technical merits of the position and (2)

for those tax positions that meet the more likely-than-not recognition

Part XIII Supplemental Information (continued)

threshold, the Health System recognizes the largest amount of tax benefit

that is more than 50 percent likely to be realized upon ultimate

settlement with the related tax authority. Management is not aware of any

uncertain tax positions that should be recorded.

levels the board is responsible for assessing, revie	wing, and resolving any

Form 990, Part VI, Section B, Line 15:		
Executive compensation is set by St. Luke's Boards o	f Directors and is	
reviewed annually. Compensation levels are based on	an independent analysis	
of comparable pay packages offered at similar instit	utions across the	
country, with the goal of placing executives in the	50th percentile in	
aggregate of those surveyed. These surveys are usual	ly done annually.	
St. Luke's Health System is committed to providing t	he highest quality	
medical care to all people regardless of their abili	ty to pay. To keep that	
commitment, St. Luke's puts a great deal of time and	effort into recruiting	
and retaining the top physicians in a variety of med	ical fields. Our	
relationships with physicians range from having priv	ileges at the hospital	
to full employment.		
For those physicians who choose to be employed, St.	Luke's must offer	
competitive pay and benefits.		

Physician compensation is based on a range of criteria and can be

nfluenced by a number of variables including:	
-Community need for medical specialty	
Experience	
Productivity	
Geography	
National surveys adjusted for local conditions	
Willingness to serve regardless of patients' ability to pay	
Duration of relationship and contractual terms	
Performance on quality metrics	
To ensure physician compensation and benefits remain within industry	
standards and legal requirements for not-for-profit institutions, St.	
uke's has a Physician Arrangements policy that specifies circumstances	
requiring a third-party valuation and also periodically uses third-party	
consulting firms to review St. Luke's physician compensation arrangements.	
Given the growing national shortage of physicians, recruiting and retaining	
physicians is more critical than ever to guarantee that people seeking care	
at St. Luke's will continue to have access to the physicians and	
specialists they need regardless of their insurance status or insurance	
provider.
